Three Rule Amendments Adopted

The Texas Board of Occupational Therapy Examiners held their quarterly board meeting on February 1, 2008, at which time they adopted the three rules which had been proposed at their October board meeting. Please get the wording on the Act/Rules page of the website.

The amendments were to:

1. **§367.1 Continuing Education**, which removed the reference to AOTA's CE categories. The amendment added a new rule which states: "Licensees are responsible for choosing Type 1 or Type 2 CE according to the definitions in this section."

Licensees may choose their continuing education without needing to have the course pre-approved. The courses may be online or in person, in Texas or elsewhere, taught by an occupational therapy practitioner or not. This has always been the case. There are only two limitations:

That the course meet the definition for Type 1 or Type 2; and that it not be a part of the Unacceptable Continuing Education Activities listed in §367.2 (b)(1-7).

2. **§372.1, Provision of Services**, which adds "It is a violation of the OT Practice for a COTA to dictate, or attempt to dictate, when occupational therapy services should or should not be provided, the nature and frequency of services that are provided, when the patient should be discharged, or any other aspect of the provision of occupational therapy as set out in the OT Act and Rules."

Also in (e) Plan of Care: "Revision to the plan of care and goals must be documented by the OTR and/or COTA to reflect revision at the time of the change."

Amended §372.1 (e) (4) Only occupational therapy practitioners licensed by Texas Board of Occupational Therapy Examiners (TBOTE) may implement the plan of care once it is established.

Also, "Revision to the plan of care and goals must be documented by the OTR and/or COTA to reflect revision at the time of the change."

3. **§373.3 Supervision of a Licensed Occupational Therapy Assistant.** A new (a) was inserted which says: A COTA/LOTA shall provide occupational therapy only under the supervision of a licensed occupational therapist.

Also: "These (supervision) hours shall be documented on a COTA/LOTA Supervision Log for each employer. The OTR/LOT or employer may request a copy of the COTA/LOTA Supervision Log. The COTA/LOTA Supervision Log is kept by the COTA/LOTA and signed by an OTR/LOT when supervision is given.
